JAMES M DAVIDSON, ESQ. This gentleman, a Scott Elector in 1852, will speak na iollows:

At Fairfield, Monday, July 30. At Richmond, Tuesday, July 31. At Petersburg, Wednesday, Aug. 1.

1-9" The speech of Gov. A. V. Brown at Lebanon is being grossly misrepresented-of course. Referring to the know-nothing oath, which binds the members, "in all things, political and social, so far as the order is concerned, to be governed by the majority," Gov. Brown strongly condemned the administering of such an oath, and illustrated the danger to which it might lead by an illustration, in which he said that, carried out to all the social relations, it might lead to the breaking down of a man in his business, and even to the slandering of his family. He did not charge that such results had happened, but that they might, when bad men constituted a majority. We have this informat on from an intelligent gentleman who was present and heard the speech.

There is an inherent meaness in knownothing ism which is unapproachable by any thing elso we ever heard of. After Gov. Johnson had magnanimously, in compliance with Col. Gentry's request, given up appointments in a section of the State which he greatly wished to visit, instead of acknowledging his courte y to his opponent, these know-nothings turn round and misrepresent his conduct, vilify his motives, and slander his character. "I there isn't a hot place somewhere for such chaps, there's no use for hot places for any sort of

We are authorized to state by Col. W. G. SHELTON, of District No. 13, that he is not and Annual has been a member of the know nothing order alias American party, the know-nothing reports to the contrary notwithstanding. He would be glad if those who have made this unjustifiable use of his name would make the amende honorable-instanter.

The Democratic candidates for the Legislature, will speak at the following places, and invite the other candidates to meet them: Wm. I. Drake's, District No. 23, Monday July

WM. G. HARDING, RANDAL W. McGAVOCK.

A citizen of Morgan county, Ind , who had been reduced into a Knew-Nothing Council, gives the result of his experience to the public, through the Marineville Monitor, in the following pregnant

Reader, you may think you hate Know-Nothingism; but nutil you are initiated into its serrets, and witness something of the height and depth of its iniquity, the solemn mockery of its rituals, and the completeness of its tyranny-its fiend-like indifference, and its utter disregard of moral honesty, I you will not know what to detest. Then if you are true to yourself, your country, and your God, you will have so great a detestation for the Order that you will avoid a bona fide member as a political demagague, and shun a lodge as a Upas tree.

Mr. J. H. Semmons—Sir: Having examined your spectacles constructed of concave-convex Brazilian Pebbles, I take pleasure in testifying to their advantages over the ordinary glass spectacles. Their superior hardness prevents them being defected by scratches; the peculiar manner is which they are ground and polished, together with their transparence, obviates the strain usually experienced in wearing glasses, and their coolness especially recommends them to those having weak, irritable eves them to those having weak, irritable eyes uly15—dawif D. SPECIAL NOTICES.

PROP. WOOD'S HATE RESTORATIVE -The festimony of all who have thoroughly tested the virtues of this celebrated article, is, that it will restore the gray, and the tald, eradicate diseases of the Soulp, preserve the hair from falling, and preserve the color perfectly to extreme old age. It is now put up both with and without sediments. See advertisement.

Mesers. B. A. Fahnestock & Co. Gentlemen; —I have used B A. Fahnestock's Vermifuge in the practice of Medicine, in this and the Southern States, for the last ten years, and I can recommend it as the medicine for the purpose for which it was intended; bringing, at one time from a small girl, of say ten years of age, ONE HUNDRED AND SEVENTY-NINE WORMS. As a druggist at Shawnes-town, I have sold a great quantity, and it has invariably given satisfaction. In fact, it is the only worm medicine now called for.

THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stim-ulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions, and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely restors their impaired or lost functions. All this the proprietor has a right to say, for it has done all this for him. At the age of thirty-seven be was as grey as the man of seventy, and his hair nearly all fallen off; but he now has an abundant crep, and no person would ever im-ngine that he ever had a grey hair; and his hair is as soft and pluble as though it had been recently cited. This is not an isolated case, it has done the same for many others, as the following certificates abundantly prove.

ST PAUL, Jan 1, 1855.

Prof. O. J. Wood-Dear Sir: Unsolicited 1 send you this certificate. After being nearly hald for a long time, and having tried all the hair restoratives extant, and hav-ing no faith in any, I was induced, on hearing of yours, to give it a trial I placed toyself in the hands of a barber and had my head rabbed with a good stiff brush, and the Restorative then applied and well subbed in till the scale was a la glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was barsh and wirv, what little there was of it. and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not?—but have never hitherto seen any case in which any person's hair was ready ben-fi ed Silk Half Hose; by aid of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Terri in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it. You deserve credit for your disdo do Line Teorery. I for one return you are thanks for its your disdo do Line Territory is already exhausted. tory. The people here saw its effects and have cot fid nee very. I for one return you my thanks for the hepefit it has done me, for I certainly had despaired long, long ago

of ever effecting any such result. I congratulate you that your fortune (and a large one) is already made.
Yours, hastily,
Cantrix III, June 27, 1853.
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so. Ex-Senator United States. BROOKFIELD, Jan. 12, 1855.

Prof. Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say that its effects has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article, with anything like the same pleasure and profit. Yourstruly, J. K. BRAGG.

and profit. Yours truly, 114 Market Street, St Louis, Mo., March 8, 1855. Dear Sir; I am doing an extensive travel in the West and South Western States, as a General agent for Adams' American Liniment, and would be glad if you would favor me with a consignment of Prof. Wood's Hair Restorative, as I feel as used that I can introduce it in many places where it is not known, as my own head is a trying testi-mony of its valuable properties, in restoring har to its natural color. I am forty years old, and my hair was almost white, but after using three half pint bottles, my hair is as beautiful auburn as it was at eighteen, and much improved in appearance, and I would not be without a bottle on hand, for the price of ten. I should be glad to artend to any matter that is connected with the Hair Rest rative. I have been for thirteen years engaged in the same business, and will be glad to hear from you soon. My address is Paris, Tennessee.
